kCura is a global company with team members who are driven by our customers to build exceptional software for them to use every day. Our product, called Relativity, handles large volumes of data and helps corporations, law firms, and government agencies solve their own unique data problems. The way we work together is centered on our core values of collaborating, communicating, pushing to exceed expectations (even our own), being humble, and having fun while we do it. We enjoy ourselves, give back, and work (and play) hard together.

SATURDAY, JUNE 18TH
